WHO'S THE BOSS? YOU ARE

DROP IN COOKTOP

DESIGNER FIT

This elegant 21" deep cooktop will drop right into any kitchen counter for a truly custom designed feel. With two size options, 36" and 30", you have professional cooktop options whether your kitchen is big or small.

TOTAL CONTROL

Sealed Dual Flow Burners Unique to DCS appliances, put you in control. A powerful high-output (17,500 BTU on the 36" and 15,500BTU on the 30" model) boils faster yet you can also simmer gentle sauces on every burner at 140 degrees.

EASY CLEAN, EASY USE

Sealed burners and an encapsulated cooking surface, coupled with the seamless design of the cooktop make the cooking surface easy to clean and eliminates spills in hard to reach spots.

ERGONOMIC

The unique ergonomically designed metal knobs offer complete control and at a glance confirmation of cooktop temperatures.

GRATES

Full coverage, deep-platform style grates allow for easy sliding of larger pots and pans.
