## HELLO CHEF

## WALL OVENS

### 10 COOKING FUNCTIONS

For everything from a quick pizza to a gourmet meal; there is even a unique two stage roasting function. A wide temperature range lets you safely proof breads and dehydrate fruits - or powerfully (4400w) broil or brown other foods.

### FUNCTIONAL

Huge 4.0 cuft capacity is complemented by eight removable side racks to allow true multi-level cooking.

### THREE HALOGEN LIGHTS

For a front row seat to the action inside the oven three halogen lights brightly illuminate the graphite enamel interior.

### TELESCOPIC SLIDING SHELVES

Telescopic Sliding Shelves. Telescopic sliding shelves seamlessly slide in and out of the oven. This allows direct access to the food making basting, turning and adding ingredients easier and safer.

### TEMPERATURE CONTROL

A digital microprocessor monitors the temperature to ensure precise heat management. Combined with our four-way convection system, this creates even heat distribution that meets the requirements of the most demanding home chef.
