

Delicious Living

COOL IN THE KITCHEN

36" SIDE BY SIDE

COMPLIMENTARY STYLING

Counter depth design, high quality stainless steel finish, tall handles, hidden hinges, and a generous 21.5 cuft interior make for one beautiful addition to your professional kitchen.

TRI SENSOR CONTROL SYSTEM

A three-thermostat system ensures accurate regulation of temperatures and humidity in the freezer and fresh food compartments. The temperature controlled drawers provide ideal settings for produce, meats and cheeses.

INTERNAL ICE MAKER

Hot summers are no longer a problem! Top your glass up with clear crisp ice (automatically makes approximately 2.2 lbs of ice per day) whenever you like.

STORAGE FOR EVERYTHING

Storage areas for everything you need, including a Beverage Chiller that keeps liquids cooler than the main compartment, a temperature controlled Meat Drawer, and a sealed, humidity-controlled Fruit & Vegetable Drawer.

EFFICIENT

By employing the latest electronic, mechanical, and insulation technologies, we have achieved a coveted Energy Star status for this model.

SIDE BY SIDE REFRIGERATOR
