

## 48" Series 7 Grill, Natural Gas

Designed with flexibility in mind, DCS Grills allow you to cook a wide variety of meals and are engineered to deliver the functionality and power demanded by a professional chef. DCS Grills are hand-finished to perfection to complement the quality of the DCS premium outdoor kitchen and built to withstand the demands of the serious cook and the extremes of mother nature. Available in Natural and LP Gas.

- 48" Grill

### DIMENSIONS

Height	24 1/4 "
Width	47 7/8 "

Depth	26 5/8 "
-------	----------

### FEATURES & BENEFITS

#### Precision Heat And Control

A DCS Grill puts you in control of up to a massive 121,500 BTU per hour total power. That power lets you choose the precise heat you need from a low and slow 300° up to an intense 1100°. DCS Grills do more than help you grill an incredible steak, you can infuse smoke into your favorite meal using the built in smoker, or close the specially designed hood and use the power of convection to cook the perfect pizza. DCS Grills put you in control, giving you the versatility to cook what you want.

#### Double-Sided Cast Stainless Steel Grates

One side has a gentle radius for handling delicate foods. The other side is W-shaped for perfect sear lines while channeling oil away to an easily removable drip tray.

#### Grease Management System™ Grease Channeling Technology

This patented technology reduces flare-ups by directing grease and oils away from the burner flames during grilling.

#### Temperature Gauge - Zero To Sear

Go from zero to sear with DCS Grills' new built-in temperature gauge. It lets you know exactly how hot the grill is, even when the hood is down.

#### Dedicated Sealed Smoker

A dedicated smoker tray with a direct 3,500BTU burner offering a clean, convenient option for specialized smoking recipes.
