FFATURES & BENFFITS

THE PERFECT SEAR

A dedicated searing zone with a dynamic infrared burner allows you to experience a new level of versatility, using a range of cooking methods. The improved dual rail design offers increased control and faster heating, so you can achieve the perfect sear every time.

CHARCOAL SMOKER TRAY

Enjoy a smoky barbecue flavour with the ease of instant gas flame ignition. Grill directly on the cooking grate or add wood chips for extra smoke. A W-shaped tray with adjustable vents helps the charcoal last longer.

HEAVY-DUTY INFRARED ROTISSERIE

An infrared rotisserie burner provides controlled searing heat up to 18,000BTU. Perfect for entertaining, the heavy-duty motor can easily turn a 50lb load. The rotisserie rod is conveniently stored under the drip pan handle.

INTUITIVE LIGHTING

Brilliant 12-volt lighting safely illuminates the entire grilling surface when you open the lid. Ideal for night-time cooking, the bezel dial lighting glows white when the grill is on, and orange when the gas and grill are in use.

EASY LIFTING HOOD

The hood can be opened using one hand for better access and visibility when cooking. You can easily accommodate larger food loads with extra space under the hood.

EXTRA COOKING AREA

Effortlessly cook for a crowd with a secondary cooking space. You can fit a grill pan for slow cooking, roasting and making sauces, or to keep food warm after searing.

GREASE MANAGEMENT SYSTEM™

Our Grease Management System™ reduces flare-ups by channelling grease and oils away from the burner flames during grilling.
